**SUPPLEMENTARY INFORMATION:**

Information Collection Request Title: Radiation Exposure Screening and Education Program

OMB No. 0915-xxxx – NEW

Abstract: The Radiation Exposure Screening and Education Program (RESEP) is authorized by Section 417C of the Public Health Service Act, Part C of Title IV, Public Law 106-245 (42 USC 285(a)-9). The purpose of RESEP is to assist individuals who live (or lived) in areas where U.S. nuclear weapons testing occurred and who are diagnosed with cancer and other radiogenic diseases caused by exposure to nuclear fallout or nuclear materials such as uranium. RESEP funds support eligible health care organizations in implementing cancer screening programs; developing education programs; disseminating information on radiogenic diseases and the importance of early detection; screening eligible individuals for cancer and other radiogenic diseases; providing appropriate referrals for medical treatment; and facilitating documentation of Radiation Exposure Compensation Act (RECA) claims.

Need and Proposed Use of the Information: For this program, performance measures were drafted to provide data useful to the program and to enable HRSA to provide aggregate program data required by Congress under the Government Performance and Results Act (GPRA) of 1993 (Public Law 103-62). These measures cover the principal topic areas of interest to the Federal

Office of Rural Health Policy, including: (a) demographics for RESEP medical user patient population; (b) medical screening activities for cancers and other radiogenic diseases; (c) exposure and presentation types for eligible radiogenic malignant and non-malignant diseases; (d) referrals for appropriate medical treatment; (e) eligibility counseling and referral assistance for the RECA and Energy Employees Occupational Illness Compensation Act programs; and (f) program outreach and education activities. These measures will speak to the Office's progress toward meeting the goals set. A 60-day *Federal Register* Notice was published in 80 Fed. Reg. 9268 (February 20, 2015). There were no comments.

Likely Respondents: RESEP award recipients.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

Total Estimated Annualized Burden – Hours

Form Name	Number of Respondents	Number of Responses per Respondent	Total Responses	Average Burden per Response (in hours)	Total Burden Hours
Radiation Exposure Screening and Education Program Performance Measures	42	1	42	24	1,008
Total	42	1	42	24	1,008
